

DOUBLEHEAD CABIN

Constructed in the 1930s by the Civilian Conservation Core (CCC), this log cabin sits atop the summit of North Doublehead Mountain with beautiful views of Mount Washington and the Presidential Range. The cabin is accessed by the Doublehead Ski Trail, a 1.8 mile trail with steep grades used by skiers and hikers.

The cabin is very rustic with minimal amenities; there are eight wooden bunks in four partitioned “rooms”, two small tables, benches, and a wood stove. An outhouse is located a short distance away.

Rental Fee: Doublehead Cabin is \$20 per day, plus \$9.00 NRRS reservation fee.

Access: 1.8 mile hike or ski, elevation gain 1500 ft

Capacity: 8 people.

WHAT SHOULD I BRING?

Anything you would bring on a camping trip except the tent. You will need sleeping bag, sleeping pad, matches, food, water, cooking utensils, trash bags, toilet paper, a backpacking stove for cooking, firewood and/or a cutting tool for dead and down wood. Only dead and down wood may be cut for firewood; resources are limited so it is advisable to bring your own firewood (please see note below).

Firewood Note: Our forests are threatened by non-native insects that can kill large numbers of trees. Three recently introduced insects are wood-infesting species that can be transported long distances in firewood. Once transported into new areas, these insects can become established and kill local trees. For this reason, firewood from outside the State of NH is prohibited. **Please use firewood from local sources.**

Pets: Pets are allowed on the National Forest and at the cabin. Please leash your pets on private land and ensure they are leashed or under voice control for the remainder of your trip.

HOUSEKEEPING:

- Please carry out all trash and excess food
- Please sweep the floor before you leave with the broom provided
- Please close and lock both doors, and windows when leaving

HOW DO I GET TO DOUBLEHEAD CABIN?

Doublehead Ski Trail is accessed off of Dundee Road in Jackson. From Route 16, turn into Jackson village (Route 16A). Follow the loop through town until you reach Route 16B/Black Mountain Road. Turn onto Black Mountain

Road and follow for about 2 miles. Just past Black Mountain Ski Area Black Mountain Road veers to the left and Dundee Road continues straight ahead. Continue straight ahead on Dundee Road for another 0.5 miles to the Doublehead Ski Trail/Old Path Trailhead on the left. Parking is available for about 6 vehicles (3 or 4 in winter). The trail begins on private land so please be respectful of this.

If taking the **New Path**, the trailhead is located a half mile south of the Ski Trail/Old Path Trailhead on Dundee Rd. This trail takes you to the cabin via South Doublehead Mountain at 1.8 miles and is very steep. Please park off the road.
